VOTE TUESDAY

is amazing evidence, especially so when we recall that Joseph N. Pew, Jr., financial sponsor of General Martin, lives in one of the counties involved—Montgomery—and has his oil plant in the other—Delaware. These leaders must feel that in either Mr. Pew, the financial sponsor, or General Martin, the political protegee, there lurks a sinister threat to the future of the Republican Party.

Here is another little bit of evidence. In the townships of Radnor, Haverford and Lower Merion and the Borough of Narberth there are nearly 100 committee men and women, duly elected by the Republican voters to represent their neighborhood voting districts. How many of these committee men and women do you think are working for General Martin? Just seven.

Let us add one more reason why we are casting our editorial vote for Senator Davis.

He has conducted the type of a campaign we believe should be conducted when our Country is at war.

He has stuck to issues of the campaign and has attempted to inform the people as to his plans, if elected. He has not attempted to create war hysteria or traded on patriotic issues.

These may be little straws in the wind but we are inclined to think they are important.

Mrs. Schrepfer Urges Generous Support of Legion Poppy Sale

New names on America's roll of honored dead give new meaning to the memorial poppy this year. Mrs. Frank Schrepfer, Poppy Day chairman of the Harold D. Speakman American Legion Auxiliary, pointed out as she worked on final arrangements for the distribution of the little red flowers on May 23.

"Wearing a poppy is the individual way of honoring the men who have sacrificed their lives in the nation's service," said Mrs. Schrepfer. "Ever since the first World War the poppy has been worn in tribute to the men who gave their lives in that conflict. Now new names are being inscribed among America's heroic dead. The poppy is for them, too. It is a symbol of our sorrow and pride. It is a pledge that we will always remember them and serve on in the cause for which they died."

"As we honor those who give their lives, we should think, too, of those who sacrifice health and strength, and of the families left in need because a father or son has served his country. They are still within the reach of our help. Let us be generous in our contributions for the poppies. Every penny of the money given goes to support the work the American Legion and the Auxiliary are doing for the disabled and dependent families of the first World War and of the present conflict."

Perfect Town
Grand Junction, Iowa, home station of Battery D, 185th field artillery, is the smallest in the country to have a guard unit in federal service. Grand Junction supports a population of just 1,000, however, Battery D has maintained its strength since the unit's organization April 14, 1924.

CIVILIAN DEFENSE INFORMATION

CARE OF SMALL ANIMALS UNDER WAR CONDITIONS

Prepared by American Red Star Animal Relief

1. Dog license tags and name plates bearing address should be worn at all times.
2. During war emergency, cats should wear collars bearing name and address of owner.
3. All dogs should be kept under strict control during air raid warnings.

- (a) On leash.
- (b) Yard dogs placed under cover.
- (c) House dogs confined to one room.
- (d) Do not turn animals out of doors.

Suitable baskets or carriers should be provided for small dogs and cats.

4. Keep drinking water available.
5. Exercise dogs near home. Do not permit animals to roam day or night.

6. Animals will not be permitted in air raid shelters.
7. A box of ashes, sawdust or torn newspapers kept in house and changed daily will help meet sanitary needs of animals that must be closely confined.

8. In mild cases of fear and hysteria use sodium bromide. Small dogs, two grains. Medium sized dogs, five grains. Large breeds, ten to fifteen grains. Cats, one to two grains. If not quiet within an hour or two repeat.

Aspirin will do. 2 1/2 grains for a Peke; 10 grains for a Great Dane; 2 grains for a Cat.

Nembutal may be given under veterinarian's prescription.

9. Dogs are easily suffocated by smoke and may dash back into their burning homes unless restrained by leash.

10. An injured animal, frenzied by pain, should be handled carefully with gloves or wrapped in a blanket, so that it cannot bite. Keep face away from injured animal's head. To avoid further injury, do not manipulate or wiggle broken legs.

11. Take all unwanted or stray animals to a local Animal Welfare Organization.

12. Take your injured or sick animal to a veterinarian.

13. Burns must be treated promptly. In minor cases apply strong cold tea. Cover burn with tannic acid jelly, caron oil or plain vaseline to keep out air. See veterinarian at once, if burn is serious.

14. Serious bleeding may be stopped by pressure. Do not leave tourniquet on more than twenty minutes at a time; remove tourniquet for a few seconds and then re-apply.

15. Some apartment buildings and hotels are setting aside a room on a "safe floor" (neither top nor bottom) to which small animals may be taken in carriers. Large dogs may be tied to screw eyes firmly placed and so spaced that animals cannot reach each other.

HEALTH AND CIVIC ASS'N. AIDS HOUSING PROBLEM

There is no greater problem facing this Government along the line of defense than the question of housing, not only for defense workers, but for employees of Government offices which have been moved from Washington to this area.

This appeal is to reach all people who have in their homes vacant rooms which would never, in any other way, be put on the market to advertise for tenants and whose location and availability would be unknown unless registered, as a patriotic duty, with an agency which can handle this situation. Such an agency has been found in the Rooms Registration files of the Housing Committee of the Community Health and Civic Association at 25 East Athens av., Ardmore; telephone—Ardmore 0350. This association to date has been running a Rooms Registration office as a free community service for rooms to rent on a commercial basis.

In view of the existing emergency, this proposed new file is being made in two ways: For emergency rooms to be given for free shelter for a night or two in case of national disaster, entirely aside from the Red Cross plans for mass shelter of evacuees; also for available rooms which would not otherwise be on the market, which could be leased to Government officials or even officials coming here in this emergency to work in defense industries.

Mrs. Harrie F. Reed is chairman of the Housing Committee.

Hitching Post at New Ardmore Market

Claim Depositors Gain By Economies

Say Closed Bank Payments Have Jumped By Nearly \$2,000,000

According to a statement given out by the Jack Bell Committee this week depositors of closed banks in Montgomery and Delaware Counties have benefited by economical management of the State Banking Department.

Although given out primarily as a political boost for the lieutenant governor candidacy of John C. Bell, Jr., Wynnewood, the statement reveals that in 1940 payments to depositors and creditors of closed banks totaled \$7,342,152 which was \$1,801,572 more than in 1938 before the bank crisis.

Closed banks in the suburban area which had depositors in Haverford Township, Lower Merion Township and Narberth Borough are the Merion Title and Trust Co. and the Media-60th St. Trust Co.

Making possible such payments, the committee pointed out, was the saving that Bell had effected as State Secretary of Banking in the Closed Division alone. In 1941, compared to 1938, in the Closed Division the saving was \$970,000.

Bell is an attorney and at one time was district attorney in Philadelphia.

Mrs. Kershaw Accepts Defense Position

Mrs. George E. Kershaw, formerly of English Village, Wynnewood, has moved to Coldwater, Mich., where on June 1 she will take over the duties of executive director of defense.

In Lower Merion Township she was in charge of the information bureau at the Council of Defense headquarters in the Township Building, Ardmore.

Speakers Tell Women About War Time Jobs Available

Women interested in securing war time jobs met at the Upper Darby Municipal Building last Friday afternoon.

J. C. Brueckman, advisor U. S. Department Education stated that, if eligible for training, there are numerous specific fields in which women are needed, as engineering aides, doing straight drafting, lettering, industrial chemistry, U. S. Geologic Survey, Navy and Naval Corps, Civil Service jobs, Brandy speaking, Mr. Brueckman said, that what a woman can do depends upon what educational qualifications she has and the work is needed, worthwhile and lucrative. There are three educational levels—Below High School, High School and College education—one two or three years, he said.

Mrs. Anne Mayerman, U. S. Employment Service, gave a very clear picture of the War needs, an industry which will require seven million people at machines by the end of 1942, and twenty-two and a half million by the end of 1943, excluding the army. This vast expansion means that women will have to take over, and many of the traditions and restrictions surrounding women relative to industrial work are of necessity outmoded and abolished.

Mrs. Mayerman warned that women must adapt themselves to routine jobs but averred that they do excellent, fine precision work.

Some of the skills which women will be called upon to take up are mechanical drafting, glass blowing, instrument, inspection, lens grinding, cutting and polishing is needed now in optical department of Frankford Arsenal; lathes, drill and punch presses, operative hand embroidery (Phila. Quarter-Master pairs in soldering and for testers and trouble shooters and many others. Women may register at the nearest U. S. Employment Service. Training can be secured in Vocational Schools in Philadelphia.

Republican Candidate for Governor Visits the Main Line

Republican leaders of Montgomery County were on hand to welcome U. S. Senator James J. Davis when he visited Lower Merion Township Thursday in the closing days of his whirlwind campaign for the gubernatorial nomination.

In the top picture from left to right are Harold C. Pike, Montgomery County chairman of the Davis Campaign Committee; Senator Davis; Dr. Frank P. K. Barker, County controller and president of the Lower Merion Township Board of Commissioners; and Fred C. Peters, candidate for State committeeman and president of the Montgomery County Board of Commissioners.

In the lower picture from left to right are Peter C. Hess, vice-chairman of the County Davis Committee and treasurer of Lower Merion Township; Mrs. George C. Lincoln, Republican committeewoman in Bala-Cynwyd; Senator Davis and Mrs. Mary Beerer, chairman of women's activities of the campaign committee.

Scrap Collection Shows Decrease In Clean Up Weeks

Quantities of material collected during the recent advertised Clean Up Weeks in Lower Merion Township were not substantially different from those of average weeks, the Township Highway Department reports.

At the same time, quantities of iron gathered were comparatively small during the period, taking a drop from 2,000 pounds to 1,500 pounds, and the report indicates that a special drive on this material by the Council of Defense might be fruitful.

From April 27 to May 9, the Clean Up days, 465,900 pounds of trash were collected by the regular forces, compared to 431,000 pounds April 13 to 25, an average period.

A break-down of salvage shows a drop to 52,000 pounds of cans from 57,500 the previous collection, while glass jumped to 37,700 pounds from 35,100, possibly a reflection of the new types of containers being used for many foods. The weight of scrap tin also follows this trend, dropping from 4,500 to 4,000 pounds.

Paper restrictions are apparently forcing down the amount of waste paper discarded from households, or else much which was formerly kept on the premises until the drive has already been constantly contributed to the defense effort. During the drive but 59,800 pounds were collected compared to 63,700 pounds the previous two weeks.

Spring house-cleaning and precautions against fire hazards brought to light additional rags and waste, however, with 16,500 pounds being discarded as against 14,600 before.

Extensive Inland Water Puget sound and Hood canal, in Washington state, aggregate more than 2,000 square miles of inland water suitable for fishing, swimming, and boating.

Nan S. Kaufman Wed Saturday to Lt. W. G. Quinn

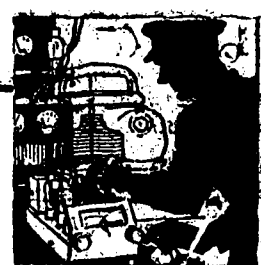

Miss Nan Shirley Kaufman, daughter of Mr. and Mrs. Frank Michael Kaufman, 232 Winding Way, Merion, became the bride of Lieutenant William Gorman Quinn, U. S. A., son of Mr. and Mrs. Frank McD. Quinn, of Rosemont, in an attractive afternoon ceremony in St. Margaret's Church, Narberth on Saturday.

The bride chose a gown of ivory satin. Her tulle veil was held by a tiara of heliolum rose point lace, and her bouquet was of gardenias. Her attendants were the Misses Kernan Maxwell, Virginia Powell, Marion Morgan, of Newtown Center, Mass., and Patricia Moses, of Providence, R. I. Their frocks were of yellow marquisette and their matching straw hats were trimmed

with streamers of delphinium blue ribbon. Their bouquets were of delphinium and yellow iris.

Mr. Quinn served as best man for his son, and the ushers included Messrs. Richard Bortz, of Reading; Dell Santee, of Bethlehem, and James Quinn, of Washington.

A reception at the home of the bride's parents followed the ceremony.

SUBURBAN BEAUTY SALON
43 NORTH NARBERTH AVE. Narberth 2324

TO MY CLIENTS:

It gives me pleasure to inform you that on May 14, I am withdrawing from the well-established Suzanne Beauty Salon at 43 North Narberth Avenue, Narberth. I leave its ownership in the competent hands of Mabel H. Albright, who stands ready to serve you with the same sincere enthusiasm we have given you in the past.

Mrs. Albright's expertness results from a wide experience in all branches of beauty culture and you will be pleased and happy with her policies.

I shall miss you all. I hope you will miss me some, too, but my regret in leaving is tempered with my belief that you will find the work under Mrs. Albright's direction the same excellent quality we have tried to give you in many years of service.

I am grateful for having had the opportunity to serve you and wish to thank you.

Passenger Pigeons Extirpated

The last known passenger pigeon died in the Cincinnati zoo in 1914. This bird was exterminated entirely by man, according to officials of the United States fish and wildlife service, and its disappearance was caused by ruthless killing at all times of the year. A complete history of the bird may be found in "The Passenger Pigeon" by W. B. Merriam.

ANNOUNCES ENGAGEMENT OF ELIZABETH R. GRACE

Mrs. Carl DeHaven Grace, 200 South Narberth ave., Narberth, announces the engagement of her daughter, Miss Elizabeth Ruth Grace, to Mr. John E. Oatis, son of Mr. and Mrs. H. E. Oatis, of Ottawa Hills, Toledo, Ohio.

Miss Grace graduated from Lower Merion High School in 1939. She was the first girl president of the Student Council, was a member of the National Honor Society and President of the Girls' Hi-Y.

Mr. Oatis graduated from De Vilbush High School, Toledo, spent his freshman year at the University of Notre Dame and will graduate in June from the Wharton School of the University of Pennsylvania.

No date has been set for the wedding.

L. Merion Teams Idle

Lower Merion's athletic teams had a vacation during the past week. Rain washed out the Section One League baseball game with Upper Merion on Thursday and the Tuesday game with Roxborough was canceled on account of transportation difficulties.

The track team didn't compete in the Villanova Interscholastics on Saturday because of lack of practice on account of the sugar rationing registration.

Propose 16-Point Plan To Correct Evils Of Tax Collection Systems

Suggest That Proper Checks Would Have Rendered Montgomery and Delaware Scandals "Improbable"

Sixteen recommendations designed to improve the tax collection and tax accounting systems in townships and boroughs have been prepared by a special committee of the Delaware County Tax Collectors' Association.

If adopted and incorporated in the municipal tax collecting systems, the recommendations, it is anticipated, will render improbable such tax collection scandals as have occurred in Montgomery, Delaware and other counties of the Commonwealth.

In Montgomery County, mis-use of funds occurred in Abington and Upper Duplin Townships and in Delaware County in Media Borough.

The movement in Delaware to establish house-cleaning procedure and make the repetition of such scandals impossible was initiated by the tax collectors themselves of the heels of the conviction of Media's tax collector, William F. Mingin. In October of last year they appointed a committee consisting of Thomas Weidemann, chairman, Harry F. Wolfe and Alex McCausland Jr. to make a survey of the collection of taxes, the keeping of records and the accounting or payment over of tax money to the various taxing authorities. Questionnaires were sent to every tax collector in the County and the recommendations were drawn up from their replies.

In making their recommendations the committee stated:

"The committee, as a result of its investigation, found that there existed certain loopholes or weaknesses in the system of tax collection as it now exists in Delaware County."

A summary of these recommendations follows:

1. The principal weakness refers to the returns of delinquent taxes made to the County Treasurer by tax collectors on the first Monday of May of each year. It was discovered that no machinery existed at the present time for ascertaining the correctness of these returns. It is, therefore, suggested that the association recommend to the County Controller that all returns of delinquent taxes made to the County Treasurer be verified within 90 days of said returns by verifying the accuracy of the returns directly with the individual taxpayer by sending to said taxpayer written information of the fact that the taxes on his or her property for the previous year have been returned by the local tax collector as unpaid and delinquent.

2. The Committee suggests that the monthly returns made by tax collectors to the County be immediately posted to the tax duplicate against the property upon which the tax is shown to have been paid and, further, where delinquent taxes on a specific property have been returned as unpaid, that likewise an immediate posting should be made against the specific property on the tax duplicate making a record of said return.

3. A condition exists at the present time in certain taxing units which causes what may be called overlapping of tax duplicates. This is caused by the lack of uniformity in the collection and penal date of taxes. The Committee suggests that all taxes be received at a uniform date, on one bill containing all taxes collectible for the

taxing units and the amount of the taxes of delinquent taxes returned by him to the County Treasurer or to be collected under the Lien Act where the taxes are not returned to the County Treasurer, said amounts being absolutely reconciled with the amount shown to be due on the tax duplicate.

5. All properties in the County should be set up on the tax duplicates on a geographical basis and not alphabetically to prevent any property from being omitted on the tax duplicate and to assist in making tax searches.

6. Bank accounts of tax moneys, cash receipts and cash payments of taxing authorities should be properly audited and reconciled.

7. Additions and deductions to and from the tax duplicates, authorized by the Board of Assessment and Revision of Taxes, should be immediately communicated to the proper taxing authorities.

8. Each taxing unit should send a statement to each tax collector of the amount of taxes due on open account at the end of the discount period and the beginning of the penalty period.

9. The County Commissioners should immediately forward to the taxing units information with reference to the amount of delinquent taxes returned by the Tax Collector on the first Monday of May of each year.

10. The Committee suggests that the taxing unit or sureties becoming surety on the tax collector's bond ascertain before becoming surety on the bond that the tax collector has not received any current tax duplicate prior to filing his bond.

11. The Committee suggests that legislation be fostered to empower taxing units to employ qualified auditors appointed by the Court as provided in first class townships rather than elected auditors within the taxing unit's books.

12. The delinquent tax books of the County Treasurer's Office should not be indiscriminately searched by the general public. Statements and certifications of delinquent taxes should be made only by the employees of the Treasurer's Office and all tax searches should be made by proper employees of said office.

13. The County Code provides that the County Controller shall have the power to examine into every account of a County Officer in any bank and to verify the accuracy of same with reference to County moneys. The Committee suggests that because tax collectors are authorized by the County Commissioners to collect county taxes and because tax collectors on the first Monday of May of each year make a return to the County Treasurer of delinquent taxes, that said tax collectors directly come under the power and authority of the County Controller to audit the accounts of said collectors. The Committee believes that a recommendation to the County Controller should be made that his office, at the earliest possible time, should make arrangements to audit the accounts of tax collectors in the County of Delaware.

14. The Committee suggests that legislation be prepared for adoption at the earliest time to compel the tax collector of every taxing unit, not later than May 15th of each and every year, to certify under oath, in writing, to a designated central authority, the money collected by him as taxes setting forth the discounts allowed and penalties added, the amount of exonerations allowed to him by the

taxing units and the amount of the taxes of delinquent taxes returned by him to the County Treasurer or to be collected under the Lien Act where the taxes are not returned to the County Treasurer, said amounts being absolutely reconciled with the amount shown to be due on the tax duplicate.

15. Tax collectors' deposits of tax moneys should not exceed coverage provided by the bank, and, where coverage is not required, the amount on deposit should never exceed \$5000.00 at any given time.

16. The Committee suggests that where delinquent taxes are paid to the County Treasurer's Office by any other person than the taxable, that the receipted bill for said delinquent taxes should be mailed direct to the taxable and not turned over to the person making payment thereof.

Young Men Set Fires Chief Nulty Reports

As chief of the Narberth Fire Company, Albert Nulty made his first monthly report to the Borough Council on Monday night.

During April, Nulty reported, the Narberth company answered 22 alarms. Twenty of these fires were caused by burning brush and grass, one was an oil burner and the other an automobile. Property damage amounted to only \$75.

Of the alarms answered, 16 were in Lower Merion and 6 in the Borough.

Chief Nulty reported that two of the fires were set by several young men traveling in a gray automobile.

Pupils Program at Narberth P.T.A. Meeting

The pupils of the Narberth Public School will present a program at the next meeting of the Narberth Parent-Teachers Association on Monday at 8.15 p.m.

The program will include a demonstration by the school safety patrol, a recitation by Mrs. Mabel Hunsicker's choral speaking group and selections by the orchestra under the direction of Miss Fricke, music teacher.

Speaker of the evening will be Miss Edith Unruh, school and community nurse.

This will be the last P.T.A. meeting of the year.

5 Building Permits Issued In April

Five building permits amounting to \$4530 were issued in Narberth Borough during April.

The permits were for a garage for Roscoe Shaver, 100 Elmwood av.; alterations for C. D. Woodward, Essex and Price av.; garage for J. D. Jacobs, 500 Dudley av.; roof on the house of Albert H. Ripper, 407 Dudley av.; roof on the house of Isaac McHose, 407 Dudley av.

One oil burner permit was issued to Frederick Egmogre, 19 Elmwood av.

joyable association with thousands of boys. After that for some years he was a copy writer with various Philadelphia advertising agencies and there is a tradition in the craft that he was the originator of the phrase "Say It with Flowers."

He was also the one who suggested the name "Narbrook Park" when that section of Narberth was about to be transformed from a swamp to an attractive residential community under the auspices of the original Narberth Civic Association of which he was for many years an active and leading member. As such, he was a founder of "Our Town." His newspaper skill had much to do with winning for that cooperative newspaper venture the support that was vitally necessary in its first few years.

Mr. Muschamp's final business connection was with the F. Wallace, Armstrong advertising agency in Philadelphia. He retired from that more than 15 years ago to devote all his time to literary work. He was a frequent contributor to news papers and magazines and was the author of a biography of Audobon the ornithologist. Mr. and Mrs. Muschamp traveled extensively in Europe and in the Caribbean after his retirement, and gradually formed new ties which finally caused them to dispose of their house on Woodside av. in Narberth and to buy the home in Maine where he died last week.

Mr. Muschamp had a keen and never failing interest in and friend feeling for everyone with whom he came into contact, especially men who were engaged in the less remunerative occupations. He had been an active member of the Socialist party for many years and was quite frank in the expression of social and political views which were anathema to a great majority of the people with whom he came into normal association. That did not interfere with his ability to win and hold a wide circle of friends and of friendly acquaintances.

He is survived by a brother, Stanley, of Philadelphia.

Postpone Trial Of Township Treasurer

Postponement of the trials of Robert C. Ross, treasurer of Abington Township, Montgomery County, and Edwin A. Conner, his assistant, on charges growing out of alleged shortages in tax funds, said to total approximately \$75,000, have been postponed.

Announcement of the postponement was made by District Attorney Frederick B. Smilie, who said they were deferred at the "request of counsel" until June 1.

The Abington Township Treasurer is charged with shortages of \$50,000 and Conner is accused of taking \$3,000 in tax funds. In addition to these alleged peculations, District Attorney Smilie said there are other cases pending against Ross which may raise the total to \$75,000.

Report Allen Munro Missing From Tanker

Word was received by Mrs. Elizabeth Munro last Sunday that her son, Allen, who was employed on a tanker transporting oil, was missing.

Mrs. Munro lives at 110 Forrest av., Narberth.

Her son, a graduate of Lower Merion High School, class of 1939, signed up for tanker service several months ago.

Allen, who is 20 years old, completed several voyages, including a trip to Russia. He has a married brother.

Narberth Churches Plan Bible School

The churches of Narberth will cooperate this Summer to conduct a Community Vacation Bible School at the Narberth Presbyterian Church for the children of the Borough.

The school will be open from June 22 to July 3, with courses of study for pupils from three to 12 inclusive.

Mrs. C. H. Woolmington will be superintendent. An enrollment of more than 200 is expected.

Davis

(Continued from Page One)

Delaware Counties.

Pike's prediction follows a county-wide survey, and he declared, "I have found the Organization workers enthusiastic for Davis in every section."

"Reports indicate a victory for Jim Davis," said the campaign chairman, "and I expect a majority of 20,000."

"I have reports from every one of the 190 election precincts in the county, and Organization workers are enthusiastic in their support of Davis."

"There have been attempts by persons on the other side to intimidate committee men and women and workers who have spent their lifetime supporting the Montgomery Organization. All of these have failed."

"Money has been used lavishly in the hope of breaking our ranks, but the men and women who are supporting Jim Davis know the source of these funds, and want no part of the Grumpy Pew brand of politics."

"With the election but a few days away, I can predict that Davis will carry every township and borough in the county, and his majority will increase beyond 20,000 should weather conditions be good, and workers can find time after their defense jobs to go to the polls."

New Management for Suzanne Beauty Shop

Mrs. Mabel H. Albright, of Pottstown, is taking over the Suzanne Beauty Salon on North Narberth av., Narberth, this week.

Mrs. Albright, who has been active in beauty culture work for 20 years, has purchased the shop from Mrs. Suzanne Joret Gill, who plans to lecture.
